VOL. 3.

SEQUACHEE, TENN., THURSDAY, MAY 28, 1896.

NO. 47

Examination of Ores Free.

The Manufacturers' Record, seeking to turn attention to the mineral resources of the South and to aid its reader in the intelligent investigation as to what it may or may be of value, has arranged with Mr. Charles Catlett, chemist and geologist, of Staunton, Va., to make superficial examinations of samples without charge. Such samples will be reported in the Manufacturers' Record, with a word of explanation as to probable or possible value.

The following directions should be observed.

Samples should be sent to Charles Catlett, No. 10 New Court House street, Staunton, Va., with all mail or express charges prepaid.

The name and address of sender should be clearly on package.

Care should be taken to select good samples, otherwise the examination will prove of no value. Quite a small quantity will be sufficient.

A postal card or letter to Mr. Catlett, with a word of explanation as to the mode and exact location of occurrence, would assist in giving value to the examination.

Low Rates to Nashville.

For the inaugural Ceremonies of the Tennessee Centennial and International Exposition, which will take place on June 1st and 2nd, celebrating the hundredth anniversary of the admission of the State into the American Union, the Nashville, Chattanooga & St. Louis Railway will sell excursion tickets from all ticket stations on its lines in the State, on May 31 and June 1, good to return on or before June 5, 1896, at one fare for the round trip. Special low rates will be made for schools and organized bodies of 25 persons, on one ticket traveling in a body. This occasion will be celebrated by one of the greatest civic and military parades ever witnessed in the South. Four thousand Federal and State troops will engage in dress parades, drills and sham battles, while free concerts will be given by a dozen or more visiting bands, including the famous United States Marine band. Grand display of fire works will occur at night.

For further information call on agents or write W. L. DANLEY, G. P. & T. A., Nashville Tenn.

Job printing is something which we always do better and cheaper than you think

A force of men are now employed in the company vineyards trimming, pruning and fixing up generally.

Strawberries are about exhausted in this section. Soon will be heard the plaintive wail of the blackberry fiend.

Our agent at Victoria, Mr. D. T. Layne, sends us the subscription of Mr. George P. Jackson this week. Mr. Layne kindly consents to act for us and all subscriptions or other matters for THE NEWS will receive from him prompt attention.

Mrs. Jackson, of Mentone, Ala., and her brother, Mr. Arthur Brown, arrived here Wednesday evening May 20, having come overland with Col. Melcher's team. They stopped at the Hotel Marion and left for home Friday.

We hope the furnaces at South Pittsburg will not shut down and yet have nothing authoritative that they will. It would be too severe a blow to the people of this section and the effects of hard times will be felt more severely than ever before. Let us hope for the best, for after all it is only a rumor.

Rev. Jacob Houts of Sequachee City preached at the M. E. Church in Jasper last Sunday at 11 a. m. and 3 p. m. Pleasant Grove.—Jasper Democrat.

Saturday, May 23, Mr. Chris Wagner brought us four new potatoes, weighing 20 ounces, of the Saltzer kind, and we had our first new potatoes for dinner on Sunday, May 24, and they were fine.

Friday night's exercises at the Pryor Institute at Jasper were postponed till Saturday when they were given in the best possible manner. The musical exercises of the Thursday preceding were reported as being excellent and entertaining. Standing room only was procurable at an early hour in the evening.

In the language of our sporting editor, the debate of last Friday night may be summed up as follows:
Rain; no game.

Says the Grayson, Ky., Bugle: Engineer, of the fire-brick works, near Olive Hill, has a six months' old son who is twenty-seven inches long, eighteen and one half inches around the waist, eleven inches around the thigh and eight and one-half inches around the calf of the leg. This corpulent cherub weighs thirty-two pounds exactly.

To the "outside and disinterested observer" there are few things as funny as the first efforts at courtship. But for passing through similar ordeals and experiences many of the attending performances would be intolerably ridiculous and nauseating. Some of the youngsters in Jasper will understand—in the afterwhile.—Jasper Democrat.

Victoria.

Mr. E. B. Anderson went to Jasper Sunday.

Mrs. George Rollins, of Pikeville, visited Mrs. Brophy last week.

Mr. Charlie Mitchell, who has been attending school at Pikeville, returned home Saturday last.

Mr. A. W. Lewis, attended commencement at People's College, at Pikeville, last week.

Miss Netta Lewis and Mr. J. H. Harris attended preaching at Ebenezer Sunday.

The debating society met as usual last Saturday night with a good attendance and debated the question, Resolved, That capital punishment should be abolished. The negative won the honors. The question for debate next Saturday night is, Resolved That a man should accumulate five hundred dollars worth of property before he marries. Miss Laura Turner was appointed to recite and Miss Kate Lewis to read.

CLEMENTINA.

Memorial Sunday.

Sunday last, a lovely day though a trifle hot, was interesting to the people of this place in as much that following the general rule, Spears Post under Commander Harris attended a special service at Owen Church at 2:30 p. m.

The services were conducted by the Rev. Jacob Houts, of Sequachee, and chaplain, I. N. Knox. The address of Comrade Knox on Loyalty and Liberty was an able production.

The music was furnished by the Sequachee Musical society under the direction of Mr. W. C. Hill, who presided at the organ and was much enjoyed by those present. The opening hymn, America, was impressively sung. Miss Matilda Gustafson's rendering of the Battle Hymn of the Republic was in good taste and very effective. The whole service was appreciated by those present.

On Saturday next, Memorial Day we expect that Sequachee will be visited by many people from abroad to take part in the Memorial Service under the auspices of Post 53, G. A. R. We have much satisfaction in calling attention to the enterprise and thoughtfulness of the Sunday school teachers who have arranged to have lemonade, etc., prepared for sale, and the proceeds will be devoted to form a nucleus of a fund to purchase a new organ for the church which is needed badly. We are quite sure many will be glad to obtain refreshments, and also be gratified to be helpers for a worthy object. So everybody will find the lemonade nice, not too sweet but just right before and after the Memorial Service.
